

Come Back To Me
Michael Summers

Now is my time of sadness
Now when my fears starts to reign
Looking at life brings me sorrow
Your bitter sweet love spare no pain

Here in my room you surround me
Don't know if I can take any more
I could survive from this pounding
Or I could fall down even further than before

If I took back the words I said to you
And said them all to someone who gave them back to me maybe then you'd see that
these words would make them fall in love with me, but that would not do
Cause I'm still in love with you.

Won't you come back to me,
Cause I need your love and need you girl
Please come back to me
For Love's sake forget yesterday
And come back to me
Before love is gone, before it moves on please come back to me
I need your love, I want your love.

In the heart of the night I surrender
Want to speak but I don't know what to say
Want to give in to all my desires
But I can't cause I'm too afraid
Too afraid of the dark where you kept
Fool of doubt, ball and chain
But I'm not ashamed, you foolish girl, I gave you all I had to give

If I took back the words I said to you
And said them all to someone who gave them back to me maybe then you'd see that
these words would make them fall in love with me, but that would not do
Cause I'm still in love with you.
