

## Collide

M. Summers /D. Borycki

In a sea of people how you find each other  
it amazes me, amazes me  
How you find a friend, who becomes your lover who becomes the one that makes you  
complete... So we dance

And we dance, Dance to your love  
As we are walking through your life  
As a man and a woman, become husband, oh and wife  
And for the way the ways you make moments.....collide.

## Solo

Hearts combined but completely free  
That's just how it's gotta be  
There simply could not be another you for he  
Weaving yourselves a little tapestry

And we dance, dance to you, dance to your love  
As we witness your life  
As the man, and the woman become husband and wife  
And for the ways you make moments,  
yes it's the ways you make moments....  
It's for the way you makes moments....Collide
