

Leggae Song

Michael Summers, Darrell Wilson, Ron Spurlin, Rich Dimonico

I was all alone, all by myself
When the man came up to me
Say hey Joe we got to go work now
I said, no man no work today, my favorite show is coming on right away and I have to
stay and watch the show.

I like to watch TV
Move a little closer baby, shake it all night
Move a little closer girl stay up all night

There was this beautiful island girl
With the big brown long legs up to her neck
She said, Hey Joe you come with me a while, you come with me I make you a big smile
I looked at her and said to her OK ..Do you have cable?

The people shouted
I like to watch TV
